

ENVIRONMENTAL POLICY STATEMENT

Doxbond (Isle of Man) Limited recognizes the need to operate the business in a manner which reflects good environmental management.

Doxbond (Isle of Man) Limited is committed in ensuring continued compliance with all relevant environmental legislation, regulations, codes of practice and other standards to which the company subscribes. When determining priorities for the allocation of resources, environmental objectives shall be given equal consideration with all other objectives. All managers and employees have duties and responsibilities under this policy, and in order to ensure these are met an annual return is submitted to the Department of the Environment, Food & Agriculture.

Aims of the Policy **Doxbond (Isle of Man) Limited** recognizes that protection of the environment requires activity to be conducted in a sustainable manner. **Doxbond (Isle of Man) Limited** is fully committed to best environmental practice and takes responsibility for its own environmental performance. **Doxbond (Isle of Man) Limited** has acknowledged these responsibilities by publishing an environmental policy.

Our company is committed to implementing the actions stated in this policy. In order to achieve this objective **Doxbond (Isle of Man) Limited** will:

- ✓ Regularly measure and evaluate our environmental performance and improve where necessary.
- ✓ Promote a culture of continual environmental improvement.
- ✓ Consistently increase the awareness and provide necessary training to all our employees and customers to ensure environmentally responsible concepts are integrated into their normal working practices.
- ✓ Demonstrate control of all our operations and ensure that all are performed with due consideration of the environment.
- ✓ Identify and mitigate against potential accidents that could result in an environmental impact, so that if an accident did occur the consequences would be minimized.
- ✓ Use products that have a negligible environmental impact, where appropriate options exist.
- ✓ Minimize the storage and use of all articles and substances, where appropriate.
- ✓ Reduce the consumption of resources (energy, materials, packaging), where feasible.
- ✓ Minimize waste through a commitment to reuse, recover or recycle, where feasible.

It is our duty to ensure that good environmental management is practiced in all contracts and projects that we are involved in, and we will seek to influence customers to demonstrate a positive environmental commitment.
